Dear Chairman Powell:

I do not support the merger with direct tv and dish network because it would mean i would lose the dist networks from dallas texas and denver i live to far away to get topaka ks station and i like what i get now and would like to keep them i dont think its fair to let local station tell me that i have to get the networks shows from them it should be up to me but if the merger goes on as planed i could always have the local topaka ks station shut off its all about money and rateing i think the law,s on the home satlite viewing act should change to let us deside what city we what . i think the local tv station around the us would be surprize to find out that dish owners what there local station . so please don ,t let the merger go though thanks for you help ...

Sincerely,
