

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

It is extremely important not only to the Town of Milan, N.H. but to the whole North Country to get local programming on the Satellite Network. We now at the present time have Adelphia cable as a company with an antiquated system that we are sure that they will not put the necessary resources to upgrade the system. As chairman of the Board of Selectmen, I know that we have not asked for much in the north country but this is one area that you can be of assistance and I hope for the north countries sake that you will whole hearted support this issue.

Sincerely,

Richard Lamontagne
