

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

Dears Sirs,

As a subscriber of Dish Network and former subscriber of cable television, I am emphatically opposed to this merger! In my home town of Fort Wayne, In, I watched the cable companies form a monopoly and procede to go back on their promises to the consumers. Whenever things like this happen it seems to be used as an excuse to gouge customers. The one rate promise is a joke because all that really means is that when they raise their rates for no reason, the consumer will have no competition to protect them and no choice but to pay or forgo television entirely. The spirit of competition is one of the things that makes our capitalistic society great. I am very very much against letting corporate giants take our ability to choose away from us.

Sincerely,

Nora L Maroney
