

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

Please allow people in rural America the chance to receive highspeed internet. I have been without internet at home for over a year because of the poor telephone connections that cut off my internet access over and over. To download anything at 2400 is virtually impossible. Please allow this merger to go through.

Sincerely,

John McGrath
