

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

Personally I think if these are allowed to merge this would form a monopoly in the digital satellite market, because they would be the only provider. As two separate companies not owned by a parent company there would be competition concerning pricing as there is now. Allowing this merger would undermine any antitrust laws in existence.

You put a lot of effort into prosecuting Microsoft you would be wasting my tax dollars again in going after this monopoly later.

I hope you get this letter because I am writing this through a link on Dish Network's website

Sincerely,

ANTHONY MILLER
