

The Honorable Michael K. Powell  
Chairman  
Federal Communications Commission  
445 12th Street, S.W.  
Washington, D.C. 20554

Dear Chairman Powell:

I support this merger not only for the access to local channels which I miss when I'm trucking, but also for the availability of high speed Internet access to rural areas. My sister works for the school district and wants to do some of her work from home which is 20 miles from town and the cable company won't lay cable for a high speed internet connection because it wouldn't be profitable with not too many houses out there. This merger would help her and others with their work plus entertainment!

Sincerely,

Murray Parr
