

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

I think I am in favor of the merger, but would ask that you confirm there will be no adverse affects on those that get broadband internet access via satellite. We get very poor air reception, and would welcome local stations via satellite, but just don't want our internet access to suffer. Our existing Starband (a partner with Dish) modem model 360 will hopefully work with the new signals, and if not, a new modem should be provided at no charge and little wait.

Sincerely,

Wayne Reinke
