Dear Chairman Powell:

Dear Sir or Madam

I would like to see this happen for living in Alaska, I do not get the offers as the lower 48 recives. I would like local and cable all in one as do other cable (ie satalite), offer this. Our cost are always higher and would like to see a nation wide one price amount. I can understand about about all the accounting errors that america is having so I understand the fear of allowing this to happen. But on the other hand how can you hide a satalite. If the public dose not recive what they are paying for they will hear. Where as you have these companies hiding their assests, and then run. I have full confidince that this merger will be a good one for all those involed.

Sincerely,

Chris Salazar
