

The Honorable Michael K. Powell
Chairman
Federal Communications Commission

Dear Chairman Powell:

We happen to live in a rural area between 2 TV markets (Fort Wayne and South Bend). While we can pick up some stations quite well, we can not do so for all. We haven't been able to watch any ABC program clearly since we moved here. We look forward to being able to view all stations clearly.

We also are out of the range of any but 28.8 modem speeds for Internet access. I do considerable internet work and find the lack of access quite irritating. We look forward to having this merger completed so that we can have both high speed internet access as well as clear local TV signals.

Sincerely,
