

The Honorable Michael K. Powell
Chairman
Federal Communications Commission

Dear Chairman Powell:

I would really like this merger to go through, mainly for the High-Speed Internet Access. At this moment the only internet connection I can get is through 56k. I spend a lot of my time on on-line gaming and downloading and uploading files. It takes me a hour or more just to download one file. It also keeps my phone-line busy so I can not receive calls while downloading or uploading. So I am in a tight position. I know if this merger goes through...I will be getting the High-Speed Internet connection the first day I find out. Thanks for your time.

Sincerely,

Greg Tevis
