

The Honorable Michael K. Powell
Chairman
Federal Communications Commission

Washington, D.C. 20554

Dear Chairman Powell:

Dear Sirs

I have had it up to you know where with all of these mergers! These past few years of merger bombardment has been nothing but troubles with changing policies in the middle of the stream and nobody knows what is what because whomever you finally get ahold of to discuss any problems, they don't know the answers because of the new takeover in the merger.

I thot this country was against monopolizing the business markets. This is nothing but big corporate business machines gobbling up everything in sight and controlling the market... which always involve higher rates and up your ass poor service.

We were just recently burnt by Verizon in their takeover of our cell phones in the tune of close to \$1000 with nothing but lies from their local stations. This is only the tip of this corrupted iceberg and all the warning signs have been out here to stop this nonsense.

It's been nothing but mergers since the mid 90s! I am against this merger and all the other mergers that appear to happen almost everyday in this country. Please STOP IT!

Thank you

Sincerely,

William Combs
