ORDER

Adopted: December 16, 1988

Released: January 6, 1988

By the Chief, Common Carrier Bureau:

I. Introduction and Background

1. In an Order released on September 17, 1987,¹ in the above-captioned docket, the Commission established an automated system of reports for collecting financial and operating data from certain local exchange carriers (LECs).² On October 14, 1988, the Commission released the ARMIS Reconsideration Order which resolved the major substantive and procedural issues raised by the parties³ and delegated to the Chief of the Common

1 Automated Reporting Requirements for Certain Class A and Tier 1 Telephone Companies (Parts 31, 43, 67 and 69 of the FCC's Rules), 2 FCC Rcd 6283 (1987) (ARMIS Order), modified on recon., 3 FCC Rcd 6375 (1988) (ARMIS Reconsideration).

2 All LECs having revenues of \$100 million or more per calendar year are required to file pursuant to the ARMIS Order.

3 Petitions for reconsideration were filed by the Bell Atlantic Telephone Companies (Bell Atlantic); South Central Bell Telephone Company, Southern Bell Telephone and Telegraph Company, and BellSouth Corporation (BellSouth); Contel Corporation (Contel); GTE Service Corporation (GTE); The Pacific Companies (Pacific Bell); Southwestern Bell Telephone Company (Southwestern Bell); The United States Telephone Association (USTA); United Telecommunications, Inc. (UTS); and Western Union. Oppositions were filed by Bell Atlantic, The New England Telephone and Telegraph Company and the New York Telephone Company (NYNEX), Pacific Bell and Western Union. Replies were filed by Bell Atlantic, BellSouth, USTA, UTS and Western Union.

Carrier Bureau the authority to resolve the remaining issues. In this Order, we revise the USOA Report,⁴ adopted as Appendix B in the ARMIS Order, to make certain technical changes including those delegated in the ARMIS Reconsideration Order.

2. In the ARMIS Order, the Commission adopted a quarterly report and three annual reports. The Quarterly Report (ARMIS Order, Appendix A) collects highly aggregated financial data reflecting the results of accounting and cost allocation requirements prescribed in Parts 32, 64, 36 and 69. This report also includes a demand analysis table. The three annual reports provide more detailed coverage. These are: the USOA Report (ARMIS Order, Appendix B) which shows the operating results of the carriers' total activities for every account in the Uniform System of Accounts (USOA), as specified in Part 32 of our Rules;⁵ the Joint Cost Report (ARMIS Order, Appendix C) which shows the allocations to regulated and nonregulated activities, as required by Part 64, for those accounts that are involved in the ratemaking process; and the Access Report (ARMIS Order, Appendix D) which shows the results of the jurisdictional separations and access rules, by Part 36 category and Part 69 element.

3. In this Order, we make certain technical changes to the USOA Report. Many of these changes were brought to our attention by the commenting parties in the ARMIS Reconsideration Order. In addition, we conform the USOA Report with the Balance Sheet (Schedule 10) and Income Statement (Schedule 11) proposed for Annual Report Form M in a related proceeding.⁶ Finally, we revise the USOA Report to include several accounts needed to accommodate those Class B carriers required to file ARMIS reports. As a result of these

4 We make these changes under the authority granted in Section 0.291(b)(4) of the Commission's Rules which delegates authority to the Common Carrier Bureau to approve or prescribe the specific data to be entered on and the computer format and media for, common carrier reports filed pursuant to Part 43 of the FCC's Rules.

5 In the Report and Order in CC Docket 78-196, released May 15, 1986, the Commission adopted a new Uniform System of Accounts (USOA) which established financial accounts on a functional basis for Class A and Class B telephone companies. See Revision of the Uniform System of Accounts and Financial Reporting Requirements for Class A and Class B Telephone Companies (Parts 31, 33, 42 and 43 of the FCC's Rules, 51 FR 24745, July 8, 1986 and 51 FR 43493, December 2, 1986; modified on recon., 2 FCC Rcd 1086 (1987), modified on further recon., 2 FCC Rcd 6555 (1987).

6 Revision of Annual Report Form M, (Order Inviting Comments), DA 88-1218, released September 9, 1988.

changes, the format of the report has been reorganized and several line items and columns have been moved or added.

II. Issues and Discussion

4. In the Petitions for Reconsideration, none of the parties opposes the content or format of the USOA Report. The parties do express concern, however, that the reporting requirements contained in FCC Form M and the USOA Report are redundant, and suggest that some of the Form M schedules be incorporated in ARMIS.

5. We share the commenting parties concern about the apparent duplication between the ARMIS USOA Report and Schedules 10 and 11 of proposed Form M. Therefore, in order to minimize the burden on reporting carriers and to avoid duplicative reporting, we modify the USOA Report so carriers may file the public version of a paper USOA Report as a substitute for Schedules 10 and 11 in their Form M filings. Specifically, we have added descriptive account detail found in Schedules 10 and 11 to the USOA Report. The following data have been added: (1) for the regulated plant accounts, the beginning balance, additions, retirements, transfers and adjustments, and the ending balance of each of these accounts; (2) for the retained earnings account, the beginning balance, net income, dividends declared, miscellaneous debits and credits, and ending balance of this account; and, (3) for the expense accounts, salaries and wages, benefits, rents, and other expenses, as required by §32.5999(f).⁷

6. In other technical amendments, we have, as suggested by USTA, added account 7991, Other nonregulated revenues, and corrected the account number for Central Office Equipment to read 6230. In addition, we have added nine Class B accounts to the USOA Report to accommodate those Class B carriers required to file this report. This addition will not increase reporting burden because these accounts must be maintained by all carriers for separations purposes and they are merely aggregations of the more detailed accounts prescribed for Class A companies.

7. Finally, at GTE's request we specify that the information required in the USOA Report is booked data.⁸ We clarify that the USOA Report calls for reporting the end of period balance of each USOA account (booked data), thus maintaining consistency between the USOA Report and the total company data submitted in the Quarterly Report.

III. Paperwork Reduction Act

8. The proposal contained herein is in compliance with the Paperwork Reduction Act of 1980 and imposes no substantive or material modification to the approved information collection requirement on the public. Implementation of any new or modified requirement will be subject to approval by the Office of Management and Budget as prescribed in the Act.

IV. Ordering Clause

9. Accordingly, IT IS ORDERED, pursuant to Sections 4(i), 4(j), 201-205, 215, 219, and 220 of the Communications Act of 1934, 47 U.S.C. 154(i), 154(j), 201-205, 215, 218, 219, and 220, that the form attached hereto IS ADOPTED.

Gerald Brock
Chief, Common Carrier Bureau

APPENDIX

This document provides the instructions for FCC Report 43-02, the ARMIS USOB Report, which was adopted by the Commission in CC Docket No. 86-182. The instructions consist of the following five sections, which are attached:

1. Reporting Procedures - details on the specific procedures to be followed when submitting this report to the Commission.
2. Report Definition - an illustration of the rows and columns to be reported and their definitions.
3. Automated Report Specifications - the detailed automated data processing (ADP) specifications for the automated report to be filed.
4. Paper Report Specifications - the page layout and detailed specifications for the paper report to be filed.
5. COSA Code Table - the list of four letter COSA codes (CO = Company, SA = Study Area).

A. Introduction

This document contains details on the specific procedures to be followed when submitting FCC Report 43-02, the ARMIS USOA Report, to the Commission.

B. General Information

1. FCC Report 43-02 was adopted by the Commission in the ARMIS Order, Automated Reporting Requirements for Certain Class A and Tier 1 Telephone Companies (Parts 31, 43, 67, and 69 of the FCC's Rules), CC Docket No. 86-182, 2 FCC Rcd 5770 (1987). The report is prescribed for every local exchange carrier with operating revenues in excess of \$100 million.
2. Affected carriers shall file by April 1 of each year the report for the previous calendar year. The initial report will be filed by April 1, 1989 and will contain data for the calendar year 1988.
3. The report shall be filed on an operating company basis.
4. Carriers seeking proprietary treatment for some data must provide two versions of each paper and automated report. The Confidential Version must contain all the required information (Confidential Treatment Tables/Data Records are provided to identify confidential data). The Public Version should not include data for which the carrier is seeking proprietary treatment. The carrier should prominently label the paper report and the diskette containing information subject to a claim of confidentiality to prevent inadvertent disclosure.
5. Carriers not seeking proprietary treatment for any data should provide only one version of each paper report and diskette, and the paper report and the diskette should be labeled the Unrestricted Version.
6. The Confidential Treatment Tables/Data Records are to be included in all reports but are not a substitute for applying for confidential treatment with this Commission following established Commission procedures.
7. Each report and diskette must be clearly labeled to include the report number, company, study area, period, COSA code, version and submission number. The report number is 43-02, which identifies the filing as the ARMIS USOA Report. The period identifies the year covered by the report. See the attached COSA Code Table (CO = Company, SA = Study Area) for a list of companies and their respective COSAs. The version refers to whether the filing is the Confidential, Public or Unrestricted Version. The submission number is defined as follows: Submission 0 is for test data purposes only. Submission 1 is the first submission of a year's data. Higher numbers (2, 3, etc.) would be used if needed for successive revisions to correct that year's submission.

8. All correspondence and pleadings shall identify the proceeding as CC Docket 86-182.

C. Data Items That Are "Not Available" or Are "Withheld"

1. The term "Not Available" is used below to refer only to those items which the Commission has ruled are not applicable to a particular row/column or are not required for a particular filing entity. The Confidential Version must contain values for all of the data items except those items which are "Not Available." If, in addition to the required operating company reports, a carrier submits a report which combines data for more than one operating company, and this report includes a field such as a sum, a ratio, or a percentage that cannot be computed completely and accurately because it relies on another item which the Commission has ruled is a "Not Available" item, then that field is also considered to be "Not Available."
2. The term "Withheld" is used below to refer only to those items for which the carrier has applied for confidential treatment with the Commission and is only applicable to the Public Version. If a field such as a sum, a ratio or a percentage relies on an item or items which have been withheld and that field is not also withheld, then it must include the withheld amount. For example, a carrier could withhold the individual values for two of three numbers which are totaled. If the carrier does not also apply for confidential treatment for the total, then that total must be the sum of all three numbers, not just the one which was not withheld. The Public Version must contain values for all of the data items except those items which are "Not Available" or those items which have been "Withheld."
3. See paragraph C.5 in the attached Automated Report Specifications and paragraph C.2 in the attached Paper Report Specifications for data entry conventions for these items.

D. Where to File

1. Carriers submitting FCC Report 43-02 should consult the schedule below which details the number of copies required and the location to which those copies should be delivered.
2. Carriers are reminded that they must serve a copy of either the Unrestricted Version or the Public Version of both the paper report and the automated report (diskette) on the FCC's contractor for public records duplication, International Transcription Services, Inc., (ITS). These copies should be mailed to the attention of Wilbur Thomas of ITS at Suite 140, 2100 M Street, N.W., Washington, D.C. 20037 or delivered to ITS in Room 2-600 at FCC Headquarters, 1919 M Street, N.W., Washington, D.C. 20030.

E. Footnotes

1. If any data for the current period differs materially from that for the previous period and the difference is not self-explanatory but was caused by unusual circumstances not explained in a previous report, then include footnote text to explain the occasioning facts.
2. This footnote text must be included in the Footnote Text Records and the Footnote Table as specified in the attached Automated Report Specifications and the attached Paper Report Specifications.

F. Errata

1. Carriers are under a legal obligation to correct any erroneous data discovered in FCC Report 43-02. Submissions containing corrected data must include references to indicate which data items were corrected since the previous submission.
2. These references must be included in the Erratum Records and the Erratum Table as specified in the attached Automated Report Specifications and the attached Paper Report Specifications.

G. Certification

1. Carriers must certify the accuracy of the data submitted in FCC Report 43-02 by including a signed certification statement as the last page of the paper report.
2. The text of the certification statement is included on page 23 of the attached Paper Report Specifications.

H. Waivers

1. If a carrier determines that it will be unable to provide data required by FCC Report 43-02, it must file an application for waiver with the Commission following established Commission procedures. All such requests from a carrier should be included in a single application. The application must demonstrate good cause for reporting a different or lower level of detail and indicate how these deficiencies will be corrected.
2. Carriers are strongly encouraged to comply with the requirements. Omission of individual data items or entries, without request for waiver, is unacceptable. One reason that compliance with the full requirements is so important is that omission of any single data entry by any carrier will jeopardize the accuracy of aggregate industry information.

I. Public Information

1. The Public or Unrestricted Versions of the paper reports filed as Report 43-02 may be examined by the public from 9:00 to 11:00 a.m. and from 2:00 to 4:00 p.m., Monday through Friday, in Room 812, 2000 L Street, N.W., Washington, D.C.
2. Copies of the Public or Unrestricted Versions of the paper or automated reports filed as FCC Report 43-02 may be obtained from the FCC's contractor for public records duplication, ITS. Parties should contact Wilbur Thomas of ITS at (202) 857-3800.

SUMMARY

This document provides the Report Definition for FCC Report 43-02, the ARMIS USOA Report, and lists the company level USOA data which must be provided annually. It contains the following:

	<u>Pages</u>
Table I - Balance Sheet Accounts	2 thru 4
Table II - Income Statement Accounts	5 thru 8
Row and Column Descriptions	9 thru 14
Certification	15

All amounts must be rounded to the nearest thousand dollars.

Items which need not be reported because they do not apply are designated by N/A. All other fields must be populated. If there are no data applicable to a given field, enter zero.

Do not include explanatory notes in the transmittal letter; such notes must be included in the Footnotes section of the filing.

NOTICE: The ARMIS USOA Report collects the operating results of the carriers' total activities for every account in the USOA, as specified in Part 32 of the Commission's Rules. The ARMIS USOA Report specifies information requirements in a consistent format and is essential to the FCC to monitor revenue requirements, rate of return, jurisdictional separations and access charges. Your response is mandatory.

Public reporting burden for this collection of information is estimated to average 115 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden to the Federal Communications Commission, Office of Managing Director, Washington DC 20554, and to the Office of Management and Budget, Office of Information and Regulatory Affairs, Washington, DC 20503.

A. Introduction

This document contains the detailed automated data processing (ADP) specifications for the automated report to be filed as FCC Report 43-02, the ARMIS USOA Report.

B. General Format and Media

1. All data should be submitted on 5.25-inch double-sided double-density IBM-PC compatible diskettes.
2. All files should be coded in ASCII.
3. See sections B and C on pages 1 and 2 of the accompanying Reporting Procedures for a discussion of the Confidential Version, the Public Version, and the Unrestricted Version of this report and for a definition and discussion of data items that are "Not Available" or are "Withheld."
4. The file name for each file has six components:
 - a. the four letter COSA code (CO = Company, SA = Study Area, see attached COSA Code Table for a list of companies and their respective COSAs).
 - b. the last two digits of the year which is covered by the data.
 - c. the letters "US".
 - d. a decimal point.
 - e. the letter "P", "C", or "U" to indicate whether this is the Public version, the Confidential version, or the only (Unrestricted) version since all data is non-confidential.
 - f. two digits (zero filled) for the submission number. Submission 0 is for test data purposes only. Submission 1 is for the first submission of a year's data. Higher numbers (2, 3, etc.) would be used if needed for successive revisions to correct that year's submission.

For example, the file name for the Confidential Version of the initial USOA Report data file to be submitted by Illinois Bell to cover the calendar year 1988, would be LBIL88US.C01:

LBIL	COSA for Illinois Bell
88	Data for calendar year 1988
US	USOA Report data file
.	decimal point
C	Confidential version
01	First submission of this year's data

5. A separate file should be prepared for each report. More than one file can be placed on the same diskette, as long as they cover the same period, version, and submission number.

C. Data Entry Conventions

1. Standard accounting procedures will apply in determining the nature of any entry (e.g., each Uncollectible Revenue item, a debit entry, shall be entered as a "positive" number unless the balance therein reported is a credit). Entries of a reverse or contrary character shall be indicated by the placing of a minus sign in the column immediately preceding the numeric data, e.g., use -4, NOT - 4 or (4).
2. Begin each data record in column 1 and make each record the proper length as specified in the accompanying record layouts. Commas are used as delimiters between fields. All numeric fields are right justified and space filled, e.g. use 123, NOT 123. All non-numeric fields are enclosed in double quotation marks and are left justified and space filled within these quotation marks, e.g. use "John Doe".
3. Give each record a unique record number, beginning with 1001 and incrementing by one, with no numbers skipped.
4. Do NOT include "\$" or "%" or embedded commas or decimal points in any numeric data fields, except for row number fields, which will include a decimal point and one decimal place.
5. In any numeric data field for which data is "Not Available", enter -99999. On the "Public Version" diskette in any numeric data field for which the data is "Withheld", enter -88888.

D. Rounding Conventions

1. As specified in the accompanying Report Definition, all monetary figures must be rounded to the nearest thousand dollars.

E. Data Record Descriptions

The nine data record types are described below. See pages 5 through 18 for record layouts. The file will consist of one Type H1 record, followed by one Type L1 record, followed by 32 Type B1 records, followed by 53 Type P1 records, followed by 53 Type B1 records, followed by 47 Type B1 records, followed by 91 Type X1 records, followed by 39 Type B1 records, followed by one or more Type C3 records, followed by zero or more Type F2 records, followed by zero or more Type E3 records, followed by one Type T1 record.

Record Type H1	Header Record	One Type H1 record per file. The first record of each file. Contains identifying data. See page 5 for record layout.
Record Type L1	Label Record	One Type L1 record per file. The second record of each file. Contains report number, carrier name, etc. See page 6 for record layout.
Record Type B1	Account Balance Data Record	171 Type B1 records per file. One Type B1 record for each of the 32 rows shown on Page 2 of the accompanying Report Definition. After the 53 Type P1 records (see below), include one Type B1 record for each of the 53 rows shown on Page 4 of the accompanying Report Definition. Then include one Type B1 record for each of the 47 rows shown on Page 5 of the accompanying Report Definition. After the 91 Type X1 records (see below), include one Type B1 record for each of the 39 rows shown on Page 8 of the accompanying Report Definition. Each record contains the ending balance or dollar amount recorded in that particular account. See page 7 for record layout.
Record Type P1	Period Activity Data Record	53 Type P1 records per file. One record for each of the 53 rows shown on Page 3 of the accompanying Report Definition. Each record contains the details of the activity of the account during the reporting period. See pages 8 & 9 for record layout.

Record Type X1	Expense Matrix Data Record	91 Type X1 records per file. One record for each of the 91 rows of expense data shown on Pages 6 & 7 of the accompanying Report Definition. Each record contains the dollar amounts for the expense matrix elements. See pages 10 & 11 for record layout.
Record Type C3	Confidential Treatment Record	One or more Type C3 records per file. Contains information to identify the data for which the carrier is seeking confidential treatment or to verify that the carrier is <u>not</u> seeking any confidential treatment. See pages 12 & 13 for record layout.
Record Type F2	Footnote Record	Optional. Zero or more Type F2 records per file. Contains explanatory footnote text. See page 14 & 15 for record layout.
Record Type E3	Erratum Record	Zero Type E3 records in the first submission of a year's data. One or more Type E3 records per file in revisions filed to correct that year's submission. Contains information to identify the data which was corrected in this submission. See pages 16 & 17 for record layout.
Record Type T1	Trailer Record	One Type T1 record per file. The last record of each file. Contains contact person, etc. See page 18 for record layout.

RECORD TYPE H1 - HEADER RECORD

<u>Field</u>	<u>Item</u>	<u>Example</u>	<u>Position</u>	<u>Description</u>
1	Record Number	1001	1-4	The sequential number of this record within this data file plus 1000. Format: right justified and space filled.
2	COSA	"LBIL"	6-11	The COSA code for the filing entity. (see attached COSA Code Table) Format: include quotation marks.
3	Record Type	"H1"	13-16	Always contains the letter H capitalized and the number 1 with no space between them. Format: include quotation marks.
4	File Name	"LBIL88US.C01"	18-31	The name of the ASCII file. Format: see page 1, paragraph B.4 above. include quotation marks.
5	Year	1988	33-36	The year covered by the data.
6	Quarter #	0	38	Always contains the number 0 since this is an annual data file.
7	Data Entry Date	19890315	40-47	The date on which the data was last entered or revised. Format: YYYYMMDD.
8	Version	"C"	49-51	The version letter (P, C or U) capitalized (for Public, Confidential or Unrestricted) Format: include quotation marks.
9	Submission #	1	53-54	0 for test data purposes only. 1 for first submission of a year's data. Higher numbers (2, 3, etc.) would be used if needed for successive revisions to correct that year's submission. Format: right justified and space filled.
10	End of Record Code	"XQ"	56-59	Always contains the letters XQ capitalized with no space between them to indicate the end of the record. Format: include quotation marks.

Note: All fields are separated by commas.

The ruler lines (123456789 etc.) included below and following with sample records are included only to assist the reader. Do not include ruler lines as records in the electronic filing.

RECORD TYPE B1 - ACCOUNT BALANCE DATA RECORD

<u>Field</u>	<u>Item</u>	<u>Example</u>	<u>Position</u>	<u>Description</u>
1	Record Number	1003	1-4	The sequential number of this record within this data file plus 1000. Format: right justified and space filled.
2	COSA	"LBIL"	6-11	The COSA code for the filing entity. Format: include quotation marks.
3	Record Type	"B1"	13-16	Always contains the letter B capitalized and the number 1 with no space between them. Format: include quotation marks.
4	Row Number	1130.0	18-23	Row number as identified on Pages 2, 4, 5 & 8 of the accompanying Report Definition. Valid ranges: 120.0 to 150.0, 340.0 to 490.0, 510.0 to 530.0, 790.0, 1120.0 to 1500.0, 3100.0 to 4550.0, 5001.0 to 5302.0, 7100.0 to 7990.0. Format: right justified and space filled, with one decimal place. Since all applicable row numbers are integers, append .0 to each row number.
5	Account Balance data	5432	25-33	This field contains the ending balance or dollar amount recorded in the particular account. Format: right justified and space filled. Enter -99999 to indicate that the data is not available. Enter -88888 on the "public version" diskette to indicate that confidential treatment has been requested.
6	End of Record Code	"XQ"	35-38	Always contains the letters XQ capitalized with no space between them to indicate the end of the record. Format: include quotation marks.

Note: All fields are separated by commas

If any data for the current period differs materially from that for the previous period and the difference is not self-explanatory but was caused by unusual circumstances that have not been explained in a previous report, add one or more Type F2 records (after the remaining Type B1, P1, X1 and C3 records) containing footnote text to explain the occasioning facts.

A. Introduction

This document contains the page layout and detailed specifications for the paper report to be filed as FCC Report 43-02, the ARMIS USOA Report.

B. General Instructions

1. See sections B and C on pages 1 and 2 of the accompanying Reporting Procedures for a discussion of the Confidential Version, the Public Version, and the Unrestricted Version of this report and for a definition and discussion of data items that are "Not Available" or are "Withheld."
2. The Ruler Lines included on the page layouts with the column titles are included only to assist the reader. Do not include ruler lines as lines in the report.

C. Data Entry Conventions

1. Standard accounting procedures will apply in determining the nature of any entry (e.g., each Uncollectible Revenue item, a debit entry, shall be entered as a "positive" number unless the balance therein reported is a credit). Entries of a reverse or contrary character shall be indicated by the placing of a minus sign in the column immediately preceding the numeric data, e.g., use -4, NOT - 4 or (4).
2. In any numeric data field for which the data is "Not Available", enter N/A. On the "Public Version" report in any numeric data field for which the data is "Withheld", enter W/H.

D. Rounding Conventions

1. As specified in the accompanying Report Definition, all monetary figures must be rounded to the nearest thousand dollars.

E. Page Layouts

The twenty-one page layouts are illustrated on pages 3 through 23. The paper report will consist of the following pages, in order:
